

Language Courses at the Department of Foreign Languages of WrUT

Wrocław
University
of Technology

We offer different level courses in 8 languages.

Check your plan of studies to know when your language courses begin!

Students of **the first degree** have to finish and pass a language course on B2 level (minimum requirement).

First, check your language skills by completing the online test (q-code below). If your result is:

B1 or higher, you need to work on your language skills during your first year of studies (the choice is yours: books, films the Internet etc.)

A2 or lower, you need to catch up and improve your language skills by joining one of our certified courses and/or using our free educational platform – the Virtual Learning Environment
<http://wsn.sjo.pwr.edu.pl>

Remember, look before you leap!

If your result is B1/B2 enroll on B2.1 language course.

We teach two languages on a **second degree** of studies. We offer science-technical language courses B2+/C1+ and an additional language course on any given level.
